

Window & Door Installation Checklist

Are all the options confusing? We've broken this checklist down in three easy steps:

Step 1 - PLAN:

- Identify the biggest problem with your windows.
- Pick your color.
- Select your window material.
- Plan out your budget.

Step 2 - PICK YOUR TOP CHOICES:

- Find an Energy Star rated product.
- Check product reviews.
- Look for a lifetime warranty.

Step 3 - FIND THE RIGHT INSTALLATION COMPANY:

- Look for companies with a long track record of success.
- Read customer reviews on multiple platforms.
- Make sure the company you choose uses certified employee installers, not subcontractors.
- Don't skimp on the installation methods and warranties.
